Do you ride your horse on the road? If so do you know your rights, responsibilities and the law? North & East Yorkshire Group of Endurance are hosting an informative evening and inviting horse owners and riders to come along and hear from experts about the law when riding on the road.

Expert speakers from BHS Yorkshire and Police Sergeant Zoe Billings.

Not just another lecture on what you should and shouldn't be doing but a very informative, funny and eye opening talk from very experienced people.

You could be involved in an accident where you believe you are completely innocent of blame? **MAYBE NOT!**

Come along and check that you are doing everything you can to keep yourself, your horse and everyone else safe on the road.

If you ride on the road whether privately or for an employer this is for you.

Entry fee is FREE,

there will be hot drinks and homemade cakes to purchase, and a Raffle.
