

Aram Grange Ride 3rd and 4th July 2021

Dear All.

Major renovation work has just started on Lingham Lane, the private road which runs between Dishforth and Norton le Clay. No one warned me that this was going to take place, but since the new Tarmacadam is going down on Friday we obviously can't be riding on it this weekend. Consequently (having first pulled all my hair out) I have reorganised the routes you will be using. Please see the new map to make this clear to you. The 12km will use the blue route, the 23km will use the red route, the 30km will use the blue route followed by the red route and the 40km will do the blue loop followed by the red route and then the blue route again.

The 60km will do the 30km to a vet gate at the venue, followed by the 30km again. The 80km will only have one vet gate and will do 40km to the vet gate plus the 40km again.

Please destroy your old maps. I don't want any confusion on the ride.

Crewing is best done at C and at CP2 (CP2 is the best as we have lots of water here).

Sorry about this, but hopefully it will all work out ok.

Yours Robert
