

- 1, Due to the unfortunate destruction of the bridge half way round the course we have had to make some changes.
- 2, The 5km Easter Egg Trail is the dark line on the map
- 3, The red loop is 3km. So added to the 5km loop it makes a total of 8km
- 4, You can go round once for your 8km, if you would like to do 16k you can go round twice. Those with fit ponies can aim for 24k and go round 3 times.
- 5, It is your decision on how far you would like to go. Please let the sec and the starter how far you intend to ride.
- 6, Please walk over the grass field next to the lake. The going here is very sticky.
